

A Youth Impact Tradition

The Myers Olympics is one of our favourite annual traditions, bringing youth and staff from across the agency together for a day of games, activities and friendly competition.

It's a chance to have fun, connect with others and celebrate being part of Youth Impact Jeunesse.

More Than Just the Games

The Myers Olympics is about more than competition. It's a chance for youth from across our programs to connect, build relationships, make memories, share some laughs and enjoy a fun day together, while building a sense of community.

The 2026 Myers Olympics

On August 26, youth and staff from across the agency took part in this year's Myers Olympics: Colour Wars.

Teams competed in games and activities throughout the day, with plenty of energy, teamwork and laughs along the way.

Thank you to everyone who helped make the day a success!

Looking Ahead & Community

Truth and Reconciliation Day

September 30

We honour the history, cultures and contributions of Indigenous Peoples, while remembering the children who never returned home.

Together, we continue learning, reflecting and taking meaningful action toward reconciliation.

THANK YOU, CN!

We are grateful to CN for their continued support of Youth Impact Jeunesse and our Transitional Housing Program.

Their generous \$10,000 contribution will help us continue providing young people with the support, stability and opportunities they need as they work toward greater independence.

*Thank you, CN,
for investing in our youth!*

Stories of Impact

A Story of Success

Every young person has strengths, dreams and the potential to succeed.

When “Maya” came to Youth Impact Jeunesse, she was feeling lost and unsure about her future. With the support of our team, Maya found a safe place to stay, accessed counselling, and reconnected with her love of art.

Today, Maya is thriving in her first year of college, volunteers as a peer mentor, and inspires others every day.

We are so proud of you, Maya!

“Youth Impact believed in me when I didn’t believe in myself. They gave me the tools and support I needed to build the life I have today.” — Maya
